## **Presidents comments:**

### **WHAT IS OLD IS NEW AGAIN**

We all love old cars or we would not be members of this Club. The general public also likes old cars, based on their reactions when they see our cars. The auto industry also pulls from the classics to make new rides as demonstrated by the success of the Challenger, Camaro, and Mustang.

As we start the new year, let us look back as we look forward.

During this last year as I served as Historian, I have

enjoyed reviewing the files, boxes, and binders of articles and photos from the Club's illustrious history. When I shared some of those articles and photos with long time members, I heard great stories about many club adventures. I learned about the Swinging Bridges Tour (see website for photos) with a "pothole" on the left tire track, a trip to Schollmeyer Auto Salvage near Chamois, the over-the-top Halloween Party at Bob Peitzmeyer's in Osage County, a multi-day trip to Arkansas led by a Model A, and a "tech session" tour to learn of the many things that can be done at Precision Machine.

For our Thursday, January 25 Club Meeting at Downtown Diner (127 East High Street), bring your thinking caps, memories, hopes, and dreams as we will brainstorm the next few years of the Club. We want to create a list of ideas for Tech Sessions, Tours/Cruises, Social Events, Meeting Locations, and Shows to attend.

As part of the meeting, we will have sheets of paper for each category and we will brainstorm ideas. From those lists, we will take the ideas and start to plan our activities for the next few years. (Brainstorming rules says there is no such thing as a bad idea, as any idea may spur a better one!)

Your assignment for the January meeting: think back to events that the MMOCC did in the past, functions that were held, but you were unable to attend, or activities that you think would be fun, as that is what we want to add to the list. Even if we did something before... what is old is new again!

## New Year's Garage Cruise

We enjoyed a successful, but cold, New Year's Garage Cruise! Approximately 45 people attended some or all of the events.

These annual tours would not be possible without garages to visit. Thanks to Fletcher Performance in New Bloomfield, Baldwin's Hot Rod Garage and the entire Baldwin Family in Brazito, and the Baughers in Elston.

Extra appreciation to Dennis and Linda Smith for the coordination, logistics, and the "end of event" warming

station with good eats, great people, and cool memorabilia.

Dennis is already lining up garages for 2019, so if you want to be included or know a great place to visit or re-visit, let Dennis know at 573-680-2505.

## Looking ahead to future events, check out the calendar on this month's newsletter.

- The February meeting will feature the history of the Capital City Speedway, so bring your memories, photos, and memorabilia as we share stories about those famous Saturday nights at the races and we welcome some special guests to lead the discussion.

- In March, the annual Scholarship Auction will be held, so start cleaning off those shelves and digging in to those closets for auction items... all for a good cause.
- May is the annual Bondo Picnic and August is the Wes Scott Trunk Swap.
- September 29 is Jefferson City's Oktoberfest and the 49<sup>th</sup> Annual Mid Mo Old Car Round-Up and Show.

## Looking to solve the world's problems?

On most Saturday mornings at Jim Martin's garage in Elston, an informal group of MMOCC members gather to solve some of the world's problems (or maybe just talk about them). From about 7:30am to 9am-ish, stop by 6709 Elston Second Street and enjoy a cup and camaraderie.
