

Got a new puppy?

Did you know a puppy has a socialization window around 6-16 weeks?

With all the new health-code restrictions we can help you with a new program; ***Early Development Puppy Pre-School ! (formally Drive-in Puppy)***

How it works: ***Puppy Pre-School*** is for puppies under 4 months and have at least one set of vaccines (and a 7 day period before starting). Either drive-up and your puppy will be brought in our clean facility while you wait in your car as you watch your puppy on video using ZOOM, Or you may come inside with a mask as mandated by state law.

We expose your puppy to all the sounds, surfaces, and environments that are proven to build your puppy's confidence as well as allow a short playtime after preschool all while you watch live on zoom!

WHEN: Most Saturdays, closed Dec 26th ,Jan 23rd 2021 **TIME:** 10:30AM-11:30 AM
