Sharon Schneider is an entrepreneur, a philanthropy expert, an impact investor, and a strategist who advises socially conscious founders and family offices. She has overseen more than \$1.5 billion in philanthropic capital deployed through grants, impact investments, advocacy efforts, and business operations from some of the world's most prominent families, including members of the Giving Pledge, the Forbes 400 wealthiest individuals, top-ten US private foundations, and others. She believes philanthropy is a lifestyle, not a year-end check. She empowers people to do good through everyday choices and create lives that align with their values.
