

Hello all! Where do I begin...I was introduced to a different and spiritual way of thinking and living approximately two and a half years ago. What can I say? It has ABSOLUTELY changed my way of thinking about life and the hardships it brings by opening up my mind, soul, and inner spirit that we ALL have within us, by feeling love, first, and foremost, and expressing and sharing it in profound ways I would NEVER have in the past. It's amazing...I wasn't speaking to one of my siblings for whatever stupid reason for four (4) years...after Carmelina introduced me to Barbara Marciniaks' book "Bringers of the Dawn", and her methods of awakening the chakras I had within me, I felt and knew that NOTHING could prevent me from bringing my family back together...I repeat...NOTHING! Not only did her truth-testing teach me how to utilize my inner-powers that we ALL possess, I am STILL using them to this day (what took me so long?) And with that, I managed to get my sibling back...and I thank you, Carmelina, for doing what you did for me. I am ever so happy, now that we a really talking like we used to! And that's my story...impressive is what I can conclude from her methods. All you have to have is a little leap of faith, and an open mind. It worked for me!

Spiritually,
