

# MAKIFICATE DALMATIANS

## Prospective Puppy Owner Questionnaire.

Please answer the following questions to enable us to add you to the waitlist for the next litter of Makificate Dalmatians.

Full name	
Address	
Email	
Contact number	
Who lives in the household? Including any children (and ages) and other pets.	
Do you currently or have you owned a dog or puppy before? If you have a dog, are they dog friendly and will accept another dog?	
Why do you specifically want a Dalmatian and have you had prior experience of Dalmatians or researched the breed and are fully aware of their specific needs?	
Are you considering showing your Dalmatian at a competitive level.	

Do you have a gender or colour preference? (Please note we cannot guarantee that there will be any liver puppies as the black gene is dominant).	
What type of house do you live in and size of garden? (Video/photo of outside space will be required) We reserve the right to not allow puppies to be housed in certain accommodation types.	
Are you a homeowner, rented or other? (If rented, proof that a dog is allowed will be required)	
How long will the puppy be left alone for on average.	
Are you an active household or at least prepared to walk the puppy/dog 1-2 hours per day minimum?	
Are you registered with a local vet or aware of a vet taking on new clients?	
Does anyone in the household have known allergies? Specifically pet/dander/fur?	
Training and socialisation will be very important, is this something you're prepared for?	
Has anyone in the household been ever accused/charged with animal cruelty?	

### Important information to consider.

- Waitlist will be in priority order. Being on the waitlist cannot guarantee you a puppy especially if you have certain request with colour and gender.
- Puppies price is to be confirmed, our puppies are priced at £1500. A £300 nonrefundable deposit is required to secure your puppy on choosing day.
- Puppy choosing day will occur from 4 weeks of age (subject to change).
- Puppies will be ready to leave at 8 weeks of age and we charge and additional holding fee after 9 weeks of £70 a week or part thereof. (without prior agreement)
- We cannot hold puppies for longer than 12 weeks of age.
- If after 12 weeks of age the puppy has not been collected, we reserve the right to relist the puppy, and your deposit will be lost.
- BAER testing will be done at 6 weeks old. If a chosen puppy is determined as partially or fully deaf, the new owner will be allowed to change puppy (if any others are still available) or request a deposit refund. Please note our breeding pair have never produced any -/- or -/+ puppies to date.
- If any puppy has any health issues identified after selection and before leaving, then new owner can opt to withdraw from sale and receive deposit refund.
- A puppy contract will be issued before collection (at puppy selection) but must be signed before puppy leaves for new home. A key element of this is that your puppy must be seen by your own vet within a week.
- Should any of the information on this form be proven to be incorrect or misleading which could place the puppy at risk, we reserve the right to cancel the contract, and no deposit will be refunded.
- Vaccinations will need to be discussed with you personally as vets can use differing vaccines and we strongly discourage over vaccination.
- Puppies will be KC registered with endorsements, meaning registered breeding will not be permitted. However, should the new owner have the desire to breed, and the pup be of a quality/age where it is suitable (for instance - successful in the show ring) then I can remove this in the future.
- We are located in Wymondham Norfolk (NR18 0GD), puppies will need to be collected from us - delivery is not available. Puppy selection should be done face to face also, although in extreme circumstances we can offer FaceTime selection.
