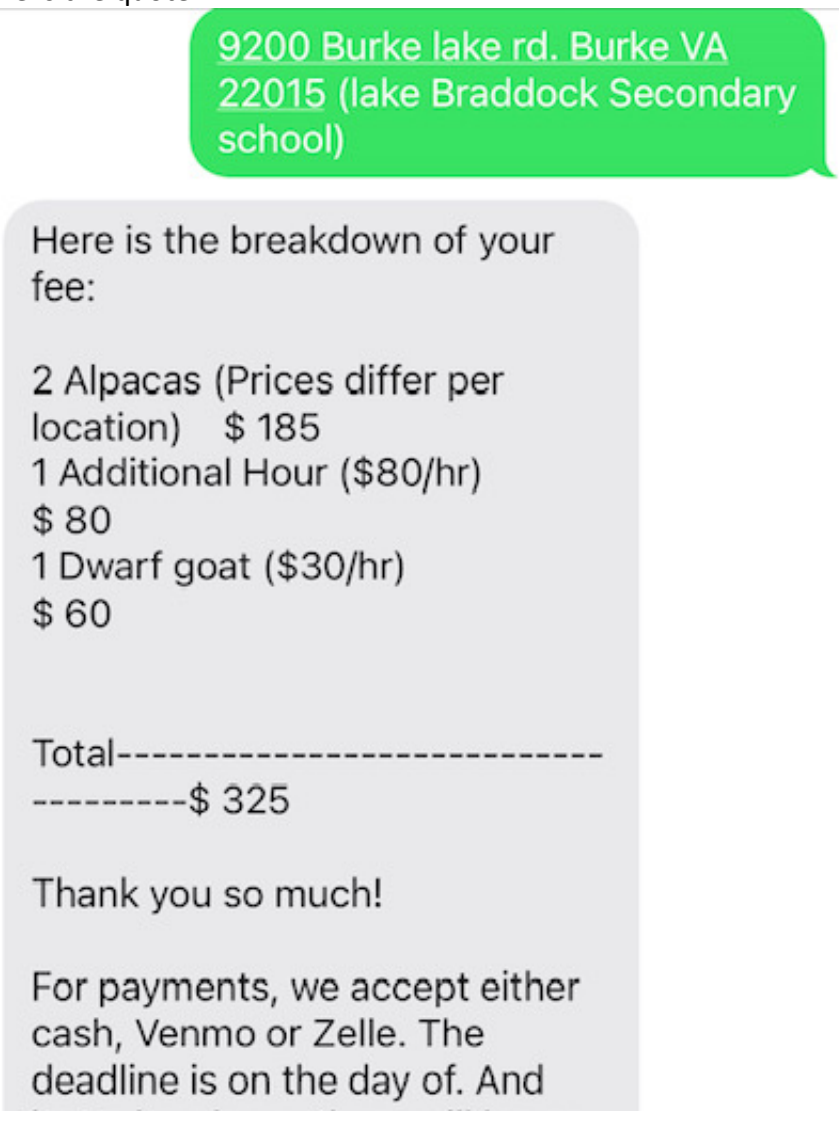
MS

Good afternoon!

I'm reaching out to the PTSA to ask if the PTSA could cover the cost of the alpacas for our new pyramid event on 9/29. The pyramid event is going to include families from our feeder elementary schools as well as LB families. We are offering free inflatables, face painting, a dunk tank, DJ, and food trucks. All of this will be covered by the school. We are also going to contact the PTSA soon about having a pop-up tent there to recruit parents and sell merchandise if you so choose to. It should be an extremely fun night for the community!

I understand that the PTSA covered the cost of the alpacas last year to help us get through some of the red tape 😊 The alpacas were a huge hit with the students and staff – we want to bring this to all our families. Please let us know if that is possible.

Here is the quote:



just a heads up, there will be an additional 2% charge to cover the transaction fee set by the Venmo app. To avoid this, you can use Zelle instead
