

## B-Line series

**Strut Systems:** Channel strut, straps, fittings, seismic bracing and accessories; all materials and finishes including SS, HDG, Fiberglass, AL and more! NEW 4D Strut and Fittings

**Cable Tray:** Aluminum, Steel, SS, and Fiberglass tray systems and accessories for commercial, solar, and industrial applications including wire basket tray systems. All finishes available!

**Enclosures & Wireway:** Commercial N1, 3R screw cover, hinge cover boxes and trough

- Industrial and OEM panel enclosures, N1, 3R, 4, 4X, 12. We make custom enclosures!

**Fasteners:** MC cable and conduit supports, steel stud brackets, beam clamps, J hooks, hangers.

## Crouse-Hinds

**Pre-Fab Rough-in:** Basic to full solution assemblies of circuit wiring, including box, bracket, pre-wired w/ device. Available w/ engineered layout dwgs and MC whips attached. Fully customizable!

**Outlet Boxes & Covers:** Steel boxes and covers, gang and masonry boxes, octagon and fire alarm boxes.

**Commercial Fittings:** Steel / die cast couplings, connectors: set screw, rain tight compression, liquid tight. Al, malleable iron condulettes, hubs, cable clamps, Snap-In connectors, expansion/deflection fittings

**HDG Products:** Condulettes, Moguls, clamps, straps, hubs, fittings, expansion couplings.

## Edison Fuse Products

**General purpose and current limiting fuses for residential and commercial. Fuse blocks, and holders.**

**Midget Fuses:** Fast-Acting and Time-Delay

**Class K5, H:** KON & KOS Fuses

**Class RK1:** NCLR/SCLR Fast-Acting, 250V and 600V, 1-600A

**Class RK5:** ECNR/ECSR Dual-Element Time-Delay, 250V and 600V, 1-600A

**Class J:** JDL (Time-Delay) & JFL (Fast-Acting), 600V, 1-600A

**Class T:** TJN (300Vac) & TJS (600Vac) Fast-Acting, 1-1200A

**Class L:** LCL (Time-Delay) & LCU (Fast-Acting), 300-4,000A

## Power Distribution Products

### Residential & Commercial Distribution Product Assemblies

**Switchboards:** UL891 Low voltage distribution switchboards, including integrated facility systems

**Panelboards:** Wall mounted UL 67 Panelboards, up to 1200A, breaker and fused switch

**Bus-duct:** Low voltage (600v and less) bus-duct, including bus plugs.

**ATS's:** Wall mount, free standing. Standard, closed transition, by-pass isolation. Swbd Integrated

**Safety-Switches, Dry Type Transformers:**

**Load Centers:**

- CH and BR style – Plug-On Neutral, 1phase and 3phase. AFCI, GFCI and Dual function breakers
- Retrofit - Replacement interior kits for FPE/older panels using the existing box and wiring.

**Metering:** Single Socket, combos, and Group, 1phase and 3phase for residential and commercial

## Wiring Devices

### Residential, Commercial, Industrial and Hospital Grade:

**Receptacles:** Standard and Decora Type - Including USB, GFCI, ACFI

**Switches:** Standard and Decora Type. Lighted, Illuminated, Motor control, RF Z-Wave Lighting Control

**Dimmers / Sensors:** ALL STYLES! 120Vac and Low Voltage Dimmers. Suitable for ALL Lighting Load types. Wall and Ceiling Occupancy / Vacancy Sensors, Timers

**Locking Devices:** Full line of all NEMA Ratings, 50A, 60A

Pin&Sleeve, TempPower, Wall Plates and More!

## Power Quality

**Surge Protection Devices:** Eaton residential, commercial and industrial surge devices.

Integral and Side Mount Applications. Multiple levels of protection. Eaton's SPD Series surge protective devices are the most advanced UL® 1449 4th Edition

- Master distributor for Innovative Technologies surge devices

Eaton residential, commercial and industrial surge devices

**Power Factor:** Fixed and automatically switched capacitors, with and without harmonic filtering

**Power Conditioning:** Sag Ride through devices, Harmonic correction units

**Firestop Caulks & Sealant:** Intumescent sealant intended for a wide range of through-penetration and construction joint applications. SpecSeal® LCI Sealant has excellent caulking properties making it easy to apply in vertical applications as well as overhead.

**SSP Putty and Pads:** SpecSeal® SSP Firestop Putty excels at sealing cabling penetrations. Works around grouped cabling penetrations. Pad inserts or wraps for steel boxes and demising wall applications.

**SSP Pillows:** Easily compress and conform around any penetrant. Equally suited for new or existing conditions. Great for cable tray penetrants.

**Composite Sheets:** Ideal for large openings where a permanent seal is required. Composite sheet consists of a thin sheet steel with intumescent embedded onto a single side.

**Cast-In Sleeves:** Cast-In Devices are a sleeve, concrete form and firestop rolled into a single device. Eliminate core-drilling and firestop after the concrete pour

**EZ Path Sleeves:** Maintenance free, easy to install sleeves that don't require upkeep, ongoing maintenance, and inspection to ensure compliance.

### **POWER-BUS-WAY – Cable Bus Systems**

Cable bus solutions for large power connections to transformers, switchgear, generators, motors, motor controls, inverters, existing bus duct systems, and UPS systems. Ability to provide complete engineering and layout design for *customized cable bus systems* to suit any requirement.

**Ideal Markets;** Pharma, Solar, Co-Generation, Universities, Resi/Comm High-Rise, Data Centers

**MADE IN AMERICA !!!** Fully Compliant with ARRA and the Buy America Act

Full Line of Rigid *Aluminum Conduit*, Nipples, Elbows, and Couplings

Full Line of Rigid *Stainless-Steel Conduit*, Nipples, Elbows, and Couplings

*Galvanized Steel* Nipples and Elbows, *EMT* Elbows

**Fiberglass and Non-Metallic Enclosures:** Stahlin offers you a wide-ranging selection of non-metallic enclosures featuring 15 full product lines encompassing over 1000 part numbers, 40+ configurations. Their enclosures offer the varying benefits of fiberglass, polycarbonate and PVC, ensuring your ability to source and achieve protection for every on-the-job need.

### **Fasteners, Screws, and Anchors:**

- Screws, Nuts, Bolts, Washers.
- Anchoring Devices.
- Specialty Purpose Fasteners.
- Tools, Drills, and Accessories
