

Little Dreams Nursery Children's Rights

Little Dreams Nursery will operate according to the UN Convention on the Rights of the Child. Copies of the Scottish Executive Guide for young people will be prominently displayed in the nursery and a copy of the convention will be given to every member of staff to read as part of their induction. All members of staff are expected to sign to state that they will uphold the convention and respect the rights of the child.

Little Dreams Nursery believes that every child should be treated as an individual and all children should be treated with equal respect regardless of their personal or family circumstances.
