

# C3 Hockey Skills and Skating!

They're coming back! We are happy to partner with 3 incredible coaches, Kristine Andersen, Jude Boulianne, and Ben Smieja, to bring valuable training that can make an immediate impact on all levels of skaters!!

Kristine joins us with extensive background in figure skating and learn to skate programs. She will bring a new look to edge work, form, and overall skating that will help develop each skater in all areas of their game. Jude brings us years of experience in technique, power skating, and overall hockey knowledge. We are fortunate to have this background in Warroad, and excited to have him help during this program. Lastly, Ben brings a passion for the game that cannot be beat! He has a great knowledge of skills, small area games, and shooting techniques that will be easy to learn and repeat during competition! Overall, these three will help our youth skaters develop into great players, and I am thrilled to be able to have them on the ice in July and August!
