

ROTORWORKS™

MANUFACTURING LLC

COMPOSITES MADE IN AMERICA

VISITOR NON-DISCLOSURE AGREEMENT

ROTORWORKS MANUFACTURING LLC | CONTROLLED ACCESS / CONFIDENTIALITY ACKNOWLEDGMENT

1. Purpose

Visitor may be granted limited access to RotorWorks' facility, personnel, equipment, parts, tooling, documents, technical data, manufacturing areas, customer-related information, or business discussions. As a condition of entry, Visitor agrees to protect any confidential, proprietary, customer-sensitive, export-controlled, or technical information observed, discussed, received, or accessed during the visit.

2. Confidential Information

"Confidential Information" includes drawings, CAD files, specifications, customer names, supplier information, quotes, pricing, business plans, tooling, fixtures, equipment, manufacturing methods, materials, processes, samples, prototypes, parts, photographs, test data, technical data, documents, and any information marked confidential or reasonably understood to be confidential based on the nature of the visit. Confidential Information may include ITAR-controlled, export-controlled, proprietary, or customer-confidential technical data.

3. Visitor Obligations

Visitor shall: (a) keep RotorWorks' Confidential Information private and protected; (b) use Confidential Information only for the approved visit or business purpose; (c) not disclose, share, post, publish, copy, photograph, record, transmit, upload, or remove any Confidential Information without written approval; (d) remain escorted unless otherwise approved by RotorWorks management; (e) follow all posted facility, safety, access-control, customer-confidentiality, and export-control requirements; and (f) immediately notify RotorWorks if any Confidential Information is accidentally disclosed, lost, copied, transmitted, or accessed by an unauthorized person.

4. No Photography / No Removal

Visitor shall not take photographs, videos, recordings, screenshots, notes, measurements, samples, parts, tooling, materials, documents, or technical data without prior written authorization from RotorWorks.

5. Export-Control and Access Requirements

Visitor understands that RotorWorks may perform work involving controlled technical data, export-controlled projects, proprietary manufacturing information, or customer-confidential programs. Proof of U.S. citizenship, lawful permanent residency, or other authorized status may be required depending on active programs, customer requirements, facility restrictions, or export-control requirements. Visitor shall not access, request, copy, discuss, photograph, transmit, or remove controlled technical data unless specifically authorized in writing by RotorWorks.

6. Exclusions

Confidential Information does not include information Visitor can prove: (a) was already known before the visit without restriction; (b) becomes publicly available through no fault of Visitor; (c) is lawfully received from another source without restriction; or (d) is independently developed without use of RotorWorks' Confidential Information.

7. Term and Return of Information

This Agreement remains in effect for three (3) years from the date signed. Obligations related to trade secrets, export-controlled information, customer-confidential information, and proprietary technical data continue for as long as legally protected, confidential, or controlled. Upon request, Visitor shall return or destroy RotorWorks Confidential Information, including notes, copies, files, photographs, recordings, drawings, documents, samples, or technical data.

8. No Rights Granted / Governing Law

This Agreement does not grant Visitor any ownership, license, manufacturing, intellectual property, or other rights except for the approved visit or business purpose. This Agreement shall be governed by the laws of the State of California, with disputes handled in a court of proper jurisdiction within California unless otherwise agreed in writing by RotorWorks.

Visitor Acknowledgment: By signing below, Visitor acknowledges that they have read, understand, and agree to follow this Agreement and all RotorWorks facility access, confidentiality, safety, and export-control requirements.
