LEARNING MADE FUN

KPLP SCHOOL PRIMER SY 2024-2025

KPLP IS READY TO WELCOME YOU BACK TO SCHOOL!

Kids Playlab Preschool is ready to welcome you back to full face-to-face classes. The school has prepared programs that would be able to cater to children 3 - 5 years old. These will ensure that the children continue to receive quality education and take into consideration how the children learn.

CLASSES OFFERED: AGE BY OCTOBER 2024

Playgroup
2 years old

Nursery 1
3 years old

Nursery 2
4 years old

PROGRAM DESCRIPTIONS

Playgroup

Our Kids Playgroup Program is a semi-structured environment that aims to provide children with pre-school experiences such as music and movement, stories, play time and games. It promotes the development of language and physical skills, as well as open opportunities to socially interact with other children and adults.

Nursery 1

As their first experience of going to school, our Nursery 1 program is intended to make fun learning experiences for our students. They learn classroom rules and routines that will help them become more independent. They are also introduced to the shapes, colors, numbers, and letters.

Nursery 2

The Nursery 2 program sets a more structured school day for our students. We continue building on the different skills of our students. We aim to further work on their literacy and numeracy skills, as well as their socio-emotional skills as they begin to build relationships with the people around them.
