

Cropcell Micros

Product: Cropcell Micros

Denomination: liquid mixture of micronutrients

CLASSIFICATION: EC FERTILIZER

COMPOSITION:

| Determination | Quantity (% w/w) |
|------------------------------|------------------|
| Water soluble manganese (Mn) | 0.8 % w/w |
| Zinc (Zn) soluble in water | 1.5% w/w |

- Density: 1.13 kg/L
- pH: 3.5-4.5

REGISTRATION NO.: not applicable

FORMULATION: liquid

PRESENTATION:

- 5L
- 1000L

CHARACTERISTICS:

Cropcell Micros is a liquid blend of micronutrients based on manganese (Mn) and zinc (Zn). Due to its rapid assimilation, it is especially indicated to correct deficiencies of these microelements in all types of crops, and can be applied both by foliar application and fertigation.

- Micronutrients stable in all types of soils and easy to assimilate by foliar application.
- Quickly corrects manganese and zinc deficiencies.

RECOMMENDATIONS FOR USE:

Cropcell Micro can be applied both by foliar application and fertigation, alone or mixed with other fertilizer solutions.

| Crops | Foliar Dosage | Fertigation Dosage |
|------------------------|---------------|---|
| Horticultural crops | 100-200 cc/hl | 2-3 L/ha, 3 to 4 applications per season. |
| Fruit trees, citrus | 200-300 cc/hl | 2-4 L/ha, 2 to 4 applications per season. |
| Vines and olive groves | 150-250 cc/hl | 2-4 L/ha, 2 to 4 applications per season. |
| Banana and subtropical | 200-300 cc/hl | 2-4 L/ha, 2 to 4 applications per season. |
| Extensive crops | 50-100 cc/hl | 1-2 L/ha, 2 to 4 applications per season. |

Do not mix with products with strong alkaline reaction.

SAFETY PRECAUTIONS:

H315: causes skin irritation H319:

causes serious eye irritation H319:

causes serious eye irritation

P102: keep out of reach of children. P270: do not eat, drink or smoke during use.

Keep away from oxidizing agents and strongly acidic or alkaline materials Store in a ventilated place.

Product can be used in organic farming according to EC Regulation 834/2007 and

889/2008.

Product usable in organic agriculture according to the NOP Regulation (National

Organic Program - USDA).

The information contained in this document does not eliminate the recommendation to read the product's label and safety data sheet.
