Friendly Reminders

In 1922, a group of friends and neighbors formed the Cleveland Park Club to “be a social and recreational center of the best neighborhood in Washington”.

103 years later, we’re still going strong! The vision for the Club’s future is “[t]o build a thriving, community-centered institution that combines social engagement, entertainment, civic association, and personal growth opportunities in an inviting setting for all Members.”

With that in mind, remember our Club is only as good as our collective efforts to take pride in it.

This summer, challenge yourself and your family to talk to someone new, clean up after yourselves, buy and utilize guest passes for non-members, and most of all, HAVE FUN!!

Camp Registration

There are still spots in Camp— login to your account to give yourself a break and give your kid(s) a week of good, old-fashioned fun. Spread the word to your friends and neighbors!

Service Hours

A gentle reminder that **every Voting Membership** is required contribute to the vitality of the Club by completing 2-hours of service **per household**.

Consider signing up for [grounds cleanup](#), or email manager@ClevelandParkClub.com if you would like to put together or paint some furniture!

Look for more opportunities throughout the summer!

Wish List SUCCESS!

A **gigantic thank you** to everyone who has already generously donated items to the Club! We are currently unable to see who has donated what, so please know we are DEEPLY appreciative to all who have donated!!

If you haven’t yet, please consider making a meaningful and direct contribution to the Club by purchasing something off our [Amazon wishlist](#). It works like a wedding registry and ships directly to the Club!

Purchase Guest Passes with PayPal!

Want to share the magic of CPC with non-member friends? No problem! Just [purchase a guest pass](#) instantly for \$8/guest via PayPal *Membership does not currently include free guest passes, but it’s something we will address for next season!
