End-of-Life, Advance Care Planning and Grief Educational Webinars, Workshops and Events

Descriptions of our growing list of courses can be found at www.KitchenTableConversations.org on the following topics which are offered as 60-minute, 90-minute or half-day interactive webinars and workshops.

End-of-Life Planning

What treatments and care do you want or don't want at the end of your life? What will your legacy be? How do you want your assets divided? Discover the answers to these questions and more when you attend one of our end-of-life planning webinars, workshops, or events.

Advance Care Planning

Having "The Conversation" makes it easier for your loved ones to help you live and die the way you wish. Learn how to decide, discuss and document your end-of-life wishes.

Grief and Mourning

Education is the key to navigating your grief journey or when supporting someone who is grieving. Learn what to say and what not to say to someone in grief, how to heal a broken heart and how to find meaning after loss.

Movies and Games

Host a screening and discussion of *Being Mortal* with Dr. Atul Guwande, *Extremis* with Dr. Jessica Zitter or *End Game* with Dr. BJ Miller. Book a game event using *Hello* or *Go Wish* conversation starters that provide a safe and easy way to talk about living, dying and what matters most.

Personal One-On-One Support

Sometimes a little extra support is just what you need when preparing your end-of-life documents or when navigating your way through the wilderness of grief after a loss. Whether you're looking for a one-time check in or ongoing support, call the number below to schedule. Our support calls are offered on a donation basis. You pay what you are able. You decide.
