HEALTH CARE ADVISOR

When should I call for an appointment?

Please call **724-545-6270** for an appointment upon receipt of your red, white, & blue Medicare Card.

How much do you charge for your services?

My services are **free**. I receive a commission from the insurance companies - nothing more. If you purchase the same plan directly from the provider, the cost to you is the same. However, the insurance company will only provide information about their plans, while I have access to **all** insurance plans and I promise to find the best plan for your lifestyle and budget.
