About Me

I employ innovative methods to create tech solutions for educators and stakeholders, showcasing strong problem-solving skills in both in-person and virtual settings. As a detail-oriented professional, I provide customer service to teachers and clients, leveraging my design experience to empower them in managing branding and marketing. Known for analytical thinking, I promote collaboration while being self-directed. My motto is, "How Can I Help?"

Work Experience

District Instructional Technology Resource Teacher | 2020 - present

- Lead the creation and execution of high-quality Professional Development sessions for Pre-K to 12th grade at District and School levels.
