

MWFA Street Stock Challenge

Rules

This class was created to have fun and for the fans to watch (Total Carnage). If you come with a vehicle that is built any more than what is listed below, you will not run.

1.

Any 1980 and newer 2-wheel drive passenger car, mini-van, mini-truck, or mid-size SUV.

2.

All vehicles must be stripped of all plastic, glass, headlights, taillights, and anything else that could fall off onto the track during the show.

3.

All vehicles must remain stock. **ABSOLUTELY NO WELDING ANYWHERE.**

4.

Bumpers must remain stock. Do not alter bumpers in any way. Factory bumper shocks must remain in the factory location. You may remove rear bumpers and shocks. There is no welding to be done on bumpers.

5.

Batteries may be left in the stock location and spray foam may be added around the battery. You may also move the battery to the passenger floor or seat. Please make sure the battery is not moving.

6.

If the factory gas tank is in front of the axle, you may leave it there. If it is behind the axle, you must move it to the rear seat area. Factory tanks may be moved inside but must be completely secured. Aftermarket tanks may be used.

7.

All doors may be wired or chained in **6 places maximum per seam.**

8.

Trunks, hoods, and tailgates may all be wired or chained in **6 places total**. Sheet metal to sheet metal only. Nothing to frame or bumpers. If you remove the trunk or tailgate, you lose that wire or chain.

9.

A rear seat bar may be added. It may be welded to the post. If you have to add something to get it away from the seat, please call. This is only to stop the sides from coming in, not to help any other part of the vehicle.

10.

Driver's door only may have a plate welded to the outside or inside. This is for driver safety.

11.

DOT tires only. Stock wheels only. All wheel weights must be removed. Only tubes and air are permitted inside of tires.

Important

These rules are cut and dry. You should not have to call to ask many questions on this class.

If it does not say you can do it, then that means YOU CANNOT do it.

Quick and easy build.
