

Project & Vendor Management Advisors

IS CELEBRATING OUR

10th YEAR
Anniversary

THANK YOU

Clients and Partners

FOR YOUR TRUST AND PARTNERSHIP

in Business

PVMA LLC

Infrastructure improvements, Fiscal Responsibility and Small Business go hand in hand with our recovery methodology at PVMA. As a Woman Owned Small Business (WOSB) and HUBZONE, we know what it takes to help our communities recover expeditiously with resilience.

On our 10th ANNIVERSARY, I am happy to see our firm not just survive but thrive during tumultuous and unprecedented times as we help others to recover. We look forward to continued growth and expansion in each location including our team and office in Puerto Rico. I am thankful for the addition of new partners and women to the team at PVMA and PVMA GLOBAL.

Our commitment to support global recovery efforts through our professional and humanitarian services remains our highest priority, as we continue to partner and support emergency management agencies, government at the state, local and federal level, healthcare within hospitals, Health and Human Services, HUD agencies, and the energy sector, including oil and gas. I see many exciting years on the horizon for Women Owned Small Businesses.
