

The Swatara Action Team (SAT) is a grassroots organization focused on protecting the environment in our community. We are opposed to the TOXIC Site of the Warehouse Project proposed in our community along route 322!

We need your help! Support our cause!

Are you...

...passionate about our community?

...against 100s of tractor trailer trucks and 400 more vehicles on Chambers Hill Road per day?

...concerned about the safety and health of our children?

...opposed to more noise and air pollution in our area?

...against more land development?

Get Involved! We're excited to have you join the team...the Swatara Action Team! We are looking for volunteers to help us get the word out to the entire Swatara Township Community and our commissioners! This is not a done deal! It's important for you to know there are still things to be done.

We need your help and support to make our collective voice heard! We need:

- Expert Advice
- Legal Representation
- Billboards
- Yard Signs
- Flyers
- And So Much More

Please consider helping us! Join our Swatara Action Team (SAT) meetings to voice your concerns. Everyone is invited to help.

Thank You! Whether you help through monetary donations, volunteering your time, or spreading our mission through word-of-mouth, thank you. Any funds we collect that remain after the conclusion of this matter will be donated back to our local Chambers Hill fire company. We couldn't accomplish our goals without the help of supporters like you.
