### Resistance & the Arts

#### **Bad Bunny's Super Bowl Half Time Show**

This is the one Trump didn't want us to see. The extravaganza showcased Bad Bunny's Puerto Rican heritage and the richness of its culture. Look closely for the "Easter eggs" - subtle political references. What's on the back of his shirt? Why include the telephone poles? What is Lady Gaga singing?

### Congressional Pressure

#### **Stop ICE Abuses by Indivisible National**

**Tell your Members of Congress: The DHS budget must halt ICE's terror, and not hand it more money.** Last week, the Senate blocked the House's Homeland Security appropriations bill that shoveled more money into ICE and CBP while doing very little to stop these agencies' abuses. Now we have to keep up the pressure and demand that any bill that replaces it enact ironclad policy accountability measures, and doesn't add one penny more to ICE's budget.

## Local Protests

This ongoing rally in protest of the release of jail inmates to ICE is in front of the San Luis Obispo County Sheriff's office, which houses the county jail.

## National Protests

### No Kings Day III: No Thrones. No Crowns. No Kings

**Saturday, March 28**

#### SLO city, South County, North County

San Luis Obispo County will be holding **three** No Kings Day III rallies - one in SLO, one in South County and one in North County. Damaging administration actions are worse since No Kings II. ICE is out of control, government agencies are gutted, and corruption is rampant. 7,000 of you attended the No Kings II rally in downtown San Luis Obispo. This time we're aiming for 9,000 or more across the whole county.

**Step up! Be seen! Conquer fear! Show our strength!** There are more of us than the MAGA maniacs.

Details of rally times and locations are coming. In the meantime, you can **volunteer**. We'll need lots of people with many different skills. Please send your full name, email and phone number to [sloindivisible@gmail.com](mailto:sloindivisible@gmail.com) for the SLO city rally, [indivisible.ag.ca@gmail.com](mailto:indivisible.ag.ca@gmail.com) for the South

County rally, and [indivisiblenorthslocounty@gmail.com](mailto:indivisiblenorthslocounty@gmail.com) for the North County rally. Training and other support is available.

### Not My President's Day February 16 by 50501 & Indivisible

The Trump regime makes it clear they're not a government of the people, by the people, or for the people! It serves to cater only to billionaire technofascists, foreign interests, a global cabal of pedophiles, and the blatantly corrupt and self-serving figurehead himself.

While Trump is busy suing his own Department of Justice and IRS, attempting to rob coffers that are filled with taxpayer dollars, we must rally together and look after one another. We must make our dissent against the regime be heard, but protesting is not enough. It is more important now than ever that we help out those in need —those being targeted the most by the regime. The image above shows you how, when and where you can help, the one below details the most needed food and supplies.

## Petition & Consumer Boycotts

### Corporations Enable ICE

**ICE'S violence happens because powerful corporations choose to enable it, normalize it, and profit from it.** Raids, detention, surveillance, and family separation all rely on private infrastructure built and maintained by companies that know exactly what their products are being used for.

**Amazon** and **Microsoft** provide cloud infrastructure used across federal agencies. **AT&T** supplies communications networks for Homeland Security operations. **Palantir** builds surveillance and data analysis tools designed for use by agencies like ICE. **Home Depot** benefits from massive tax cuts, while its stores are bases for immigration enforcement.

These corporations profit directly from ICE abuse. Many contracts are usage-based or expansion-based, meaning more raids, more surveillance, and more detention translate into higher corporate revenue. Violence and abuse become financial rewards.

**The bottom line is that corporate partnerships give ICE legitimacy.**

None of this is inevitable. Contracts can be refused. Ads can be rejected. Services can be withdrawn.

Tell the CEOs of Amazon, AT&T, Home Depot, Microsoft, and Palantir to stop profiting from enforcement and walk away now. **SIGN and SEND**

### **Resources:** What Can I Do?

### **This Week's Indivisible To-Dos**

1. **Tell your Members of Congress: Stop the ICE terror machine.** Congress is scrambling to pass a DHS funding bill by Friday, and we need to make it loud and clear that our senators and representatives must oppose any bill that hands ICE and Border Patrol more funding or fails to include strict safeguards to protect our communities. Use the link above to email your Members of Congress, then be sure to **call your senators** during business hours.
2. **Join this week's virtual training to learn practical, actionable lessons on organizing against authoritarianism from Minnesota's resistance against ICE and CBP.** Organizers in Minnesota have transformed crisis into action and tragedy into solidarity. On Thursday, February 12 at 4:00 pm, those organizers and Minnesota leaders, including Rep. Ilhan Omar, will share what they've learned. so we can all be better prepared to organize amidst crises and protect our neighbors from ICE and Border Patrol deployments.
3. **Call your representative and tell them to oppose new voter suppression legislation modeled on the infamous SAVE Act.** Last Congress, we helped defeat the SAVE Act, one of the worst voter suppression bills in a half century. Now, a series of bills with the same impact (ending registration by mail, adding new ID requirements that could prevent millions of eligible voters from registering) could get a vote in the House this week. Make sure your rep hears from you before the vote. (**More info here.**)

**P.S.** The announcement of our first slate of endorsees means Indivisible's 2026 election work is officially underway. We need your help building a better Democratic Party during the primaries and then organizing toward a historic wave in the midterms. **If you can, chip in to help power our election ground game here.**
