

Technical Drafting

Contest Guidelines

Contestants are required to comply with the following items:

Are required to bring:

- PC or laptop (monitor and keyboard functions required)
- Licensed CAD software loaded on the device
- Power cord for the device
- USB flash memory stick, 2GB or larger

Are required to save drawings as a PDF file for printing and/or judging.

- B size drawings are to be printed to files in PDF format
- The naming convention of the file is “contestant#-DWG#” (like s999-A99999.pdf)

It is preferable that a spreadsheet program, is available on your device.
(Microsoft Excel or similar product)

No wireless communication, including cell phones are allowed during the contest.

No help or assistance by others during the contest.

Reference books or manuals are allowed in book or digital form.

Official SkillsUSA attire is not required but a good reference for being professional.

Resumes are required for this event.

To allow time in setting up equipment, the room will open one hour before the start of the contest.
