Income Survey Update – We're Almost There!

We're within reach—**fewer than 30 households** away from hitting the participation goal needed to determine if the City of Moro qualifies to apply for **\$2.5 million** in grant funding for critical water system improvements.

If you haven't yet completed the 100% confidential survey with Portland State University, now is the time to make a difference! PSU is now conducting **phone surveys** to help us cross the finish line.

To be eligible for this major funding opportunity, we need an **80% survey completion rate**—and we're so close!

Thank you to everyone who has already taken part. Your support moves us one step closer to securing vital infrastructure funding without passing the cost onto our residents.

If you're willing to help us meet our goal, **please contact City Hall today!**
