SERVICE INTRODUCTION

Customer Service

Exclusive service group and provide solutions for customers in different industries

- Exclusive solutions for different industries
- Provide product training
- On-site technical guidance

Lightning Delivery

Stock up enough (regular size) and deliver goods on the same day as the order

Support special specifications customization, with 7-12 days of delivery

After-sale Service

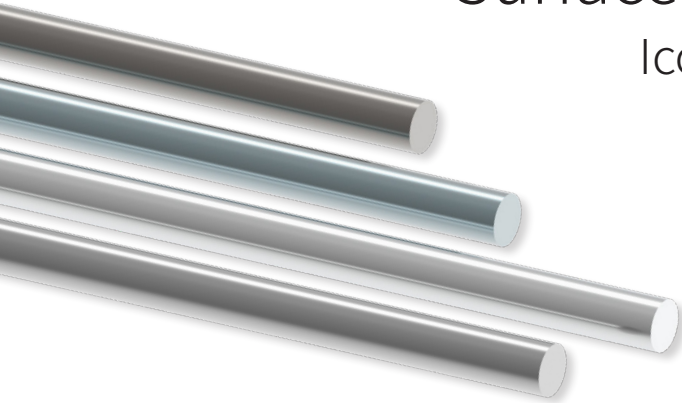

24 hours online technical support

Customer focused

Surface Treatment

Icons description

EZ

Electrogalvanized

Recommended for indoor use. It provides 96 hours of protection in salt spray.

HdG

Hot Dip Galvanized

Recommended for indoor and outdoor use. It provides 720 hours of protection in salt spray.

GI

Pre-Galvanized

Recommended for indoor use.

Ni

Nickel Plated

Recommended for indoor and outdoor use. It provides 96 hours of protection in salt spray.

Niz

Zinc-nickel coated

Recommended for indoor and outdoor use. It provides 1000 hours of protection in salt spray.

PC

Powder Coated

Recommended for indoor use. It provides 620 hours of protection in salt spray.

S304

S316

S316L

SS304, 316, 316L

Recommended for indoor or outdoor use.

ABS

PVC

ABS, PVC

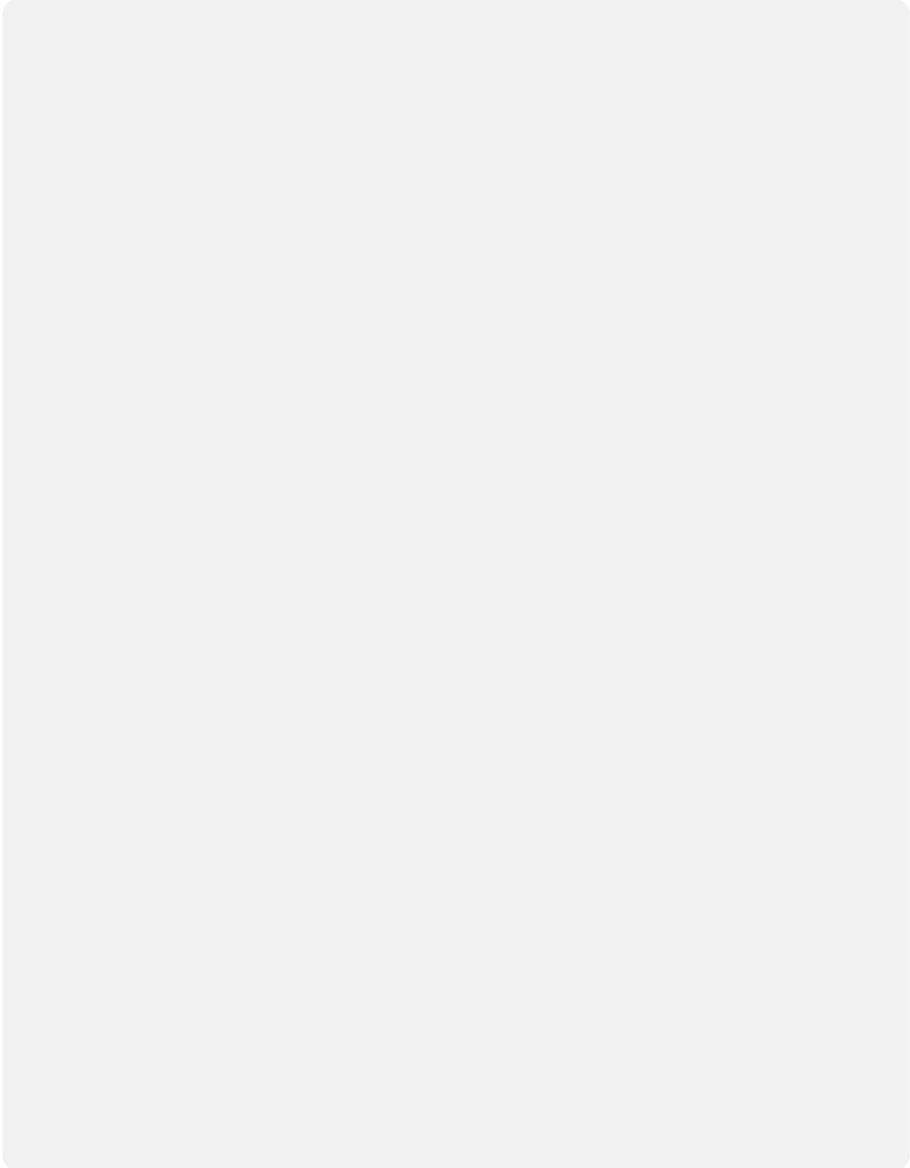

Recommended for indoor use, commonly used for fiber cable tray and accessories.

AL

Aluminum

Recommended for indoor use, commonly used in the data center.
