

Peer2Many.ai Activity Matrix

Peer2Many.ai is a form of entrepreneur peer-to-peer activity vertically integrated with artificial intelligence to capture challenges and advance decision-making opportunities. Challenges are addressed through peer-based activities related to communicated relationship maps, issue statements, and an agentic delegation process.

Purpose:

Interactions	1:1 (Peer)	1:1 (Provider)	1:M (Peer)	1:M (Provider)	1:1 (H2A)	1:M (H2A)
Function (Inform)						
Function (Think)						
Function (Learn)						
Function (Plan)						
Function (Decide)						
Function (Execute)						

Decision-Making Advanced:
