“Your Highest Self is not just an idea that sounds lofty and spiritual. It is a way of being. It is the very first principle that you must come to understand and embrace as you move toward attracting to you that which you want and need for this parenthesis in eternity that you know as your life.” Wayne Dyer

President's Message

A new decade stands before us. 2020. We have closed the door on 2019, which for me was another significant phase of my life. But we all have such phases of life. Right. What's new? Well, what I have come to recognize through the years is that having Spirit as an important relationship to guide, influence and support me is extremely rewarding. Spirit brings events and individuals into our life that brings us opportunities for spiritual growth, being of service to our community and remind us that life is continuous. Our church is growing in membership, I see individuals supporting each other in their spiritual path. Like the moon that waxes and wanes our lives have a rhythm that ebbs and flows. We are entwined. Connected through all of time by the relationship of Spirit and our Loved Ones and ancestors.

As we enter 2020 I look forward to getting to know more of you better. The Board and Pastoral committee are working hard to expand the offerings to you all. Feel free to offer constructive suggestions in a positive manner of what you would like to see. In fact, be part of our support community working together moving into 2020. Finally, I wish to thank all the Board members (current and past), Pastoral Committee and members of the congregation for your support of ASC. May this be the start of a prosperous year for you all as you share your life with Spirit and ASC. *Rev. Graham Connolly, NST*
