ACCEPTING NEW CLIENTS - NO WAITLIST

At Ability, we provide psychological care and assessment services for individuals, couples and families across the lifespan. Whatever stage you find yourself at, our team of experienced health professionals are here to support you to work towards lasting change. We welcome referrals from early childhood, adolescence, and all the way through to adulthood.

Our team has a breadth of experience providing evidence-based psychological care across a diverse range of psychological concerns and support needs. We offer a broad range of psychological services including therapeutic intervention, assessment services (e.g. ASD, ADHD), and group-based support and training.
