**PEW Electrical
Distributors Ltd.**

**"PEW has been chosen
as VEGA srl's official UK
distribution partner."**

New Collaboration

I am thrilled to confirm that I have joined VEGA srl and PEW Electrical Distributors in a unique collaboration, aimed at enhancing support to their customers across the UK, whilst also exploring new business opportunities.

VEGA srl offers an exciting range of high quality and innovative Italian manufactured solutions for lifts. In addition to their Style range, which features pushbuttons, fixtures and displays, VEGA srl also offers an extensive range of door controls, autodiallers and GSMs, all designed and manufactured in Italy.

Delivering both nationwide and globally, PEW has been chosen as VEGA srl's official UK distribution partner and, as such, they will be stocking an extensive range of Vega products for speedy delivery.

They also boast a dedicated VEGA showroom, at their Barking head office, which features many of Vega's innovative products, fixtures and components.

PEW is one of the UK's leading distributors of lift specific and electrical products, as well as offering a host of other added value services.

These include a range of COVID-19 solutions for the lift environment, both internal and external 24/7/365 access storage facilities and a bespoke signage manufacturing facility, to name but a few, all of which are serviced from their 30,000+sq ft distribution centre in Barking.

I am genuinely excited to be back and look forward to meeting old and new acquaintances soon.
