WORKEZE 4 MIL BLACK POWDER FREE NITRILE DISPOSABLE GLOVES (20 PK)

Nitrile disposable gloves are our most popular style because they offer great chemical resistance, three times the puncture resistance of latex or vinyl, and have great comfort and fit. They are popular in many industries, especially in automotive and janitorial. Regardless of the type of disposable glove that you choose, differences in glove thickness, cuff length, texturing, and colour will also effect personal protection, ease of use and facility compliance. With our wide variety of disposable gloves available, we make it easy to find the right glove for the job.

- Excellent oil and grease resistance
- Good cut and puncture resistance
- Lightly textured finish for better grip
- Ambidextrous

NEW PRODUCTS

Available November 2024

8.8 OZ (250G) PAINT CLEANER & CONDITIONER

Pretty Boy Paint Cleaner is formulated to wash away water-based paints, stains, and primers from brushes, rollers, sprayers, and paint tools. Removes wallpaper, stickers, soap scum, and grease for proper surface prep before painting. Conditions brushes and rollers for smooth painting, quick clean up, and extends life of tools. Gently removes dried paint from skin, hair, fabric, and most hard surfaces.

- Eco-Friendly, all-purpose paint cleaner & conditioner that safely removes paint, dirt, and wallpaper.
- It can be used straight out of the bottle to clean your paint brushes & rollers. Dilute it in water to soak paint tools, sprayers, or anything you want paint free.
- Carry it in your toolbox, backpack, or handbag for on-the-spot clean up. Our packaging is light and durable.

MFG#	CASE	REG. PRICE
02340	12	\$8.90

Step 1

Rinse excess paint off brush in sink with warm or cold water. Apply teaspoon amount of Pretty Boy directly to bristles.

Step 2

Work Pretty Boy through paint brush with a wire brush or comb for 30 second. Comb from metal ferrule base out to the bristle tips.

Step 3

Let paint brush sit for 3 to 5 minutes allowing Pretty Boy's specialized formula to loosen the bond the paint has on the bristles.

*Avoid submerging paint brush past metal ferrule. This will result in damaging the brush.

Step 4

Rinse off thoroughly with water. Spin Brush between hands to remove excess water. Smooth out bristles. Let air dry or put back in protective sleeve.
