

# SUMMER NOTICE

## HEAT/SUN WILL CAUSE BALLOONS TO...

- POP/DEFLATE
- CHANGE COLOR/APPEARANCE (MORE MATTE-LOOK)

## TO PREVENT THIS WE ASK THAT YOU...

- CONSIDER PLACING BALLOONS IN SHADED AREA OR UNDER A TENT

ADDITIONAL MEASURES ARE TAKEN TO PROTECT YOUR BALLOONS FROM OUTSIDE ELEMENTS. HOWEVER, WE CAN NEVER GUARANTEE THAT BALLOONS WILL NOT POP, ESPECIALLY IN THE SUMMER HEAT/SUN.

THANK YOU!

-LI BALLOON QUEEN
