**The PAR Tablet family is a collection of Enterprise grade tablets, peripherals, and accessories designed and optimized for your environment.**

With over 38 years in the hospitality and retail industries, PAR has used its industry knowledge and experience to meet the needs of your operation, providing the mobility, durability and elegance your environment demands.

Whether you are looking to extend your POS solution, enhance customer experience, or improve the efficiency of your operations, the PAR Tablets offer the perfect solutions for your business by providing multiple use cases:

- Mobile / table POS
- Table management
- Store management
- Line/Queue busting
- Personalized shopping experience
- Customer Loyalty

The image shows a Par Systems POS terminal screen. The screen is divided into several sections. At the top, there are tabs for 'MENU', 'OTHER ITEMS', 'Printer Orders', 'To Go Time', 'Functions', and 'Logout'. Below these tabs, there are three main categories: 'BURGERS', 'FRIES', and 'SANDWICHES'. The 'BURGERS' section shows items like '1/2 LB' and '1 LB' with prices. The 'FRIES' section shows 'Regular Fry' and 'Large Fry'. The 'SANDWICHES' section shows 'MEAT' and 'VEGET' with prices. The bottom of the screen has a 'Message' bar and a 'par' logo.
