

Hello freedom.

We're tearing up the rulebook when it comes to payments. No long-term contracts. No hidden costs. We could even cover your current provider's exit fees up to £3,000 when you switch to us.

And with integrated payments, transactions have never been easier. By seamlessly connecting your card machine to your EPOS, there's no need to manually enter transaction amounts. So a speedier service and fewer miskeying mistakes. And end-of-day reconciliations? It all just adds up.

Welcome to effortless payments.

Faster Transactions. Fewer mistakes.

Integrated payments connect your card machine to your EPOS wirelessly, so you don't have to enter the sale amount manually on your card machine. That means you'll enjoy faster transactions, fewer mistakes and easier end-of-day reconciliations.

✓ Speedy service

Process payments faster, cut queues and keep your customers happy.

✓ Protect your profits

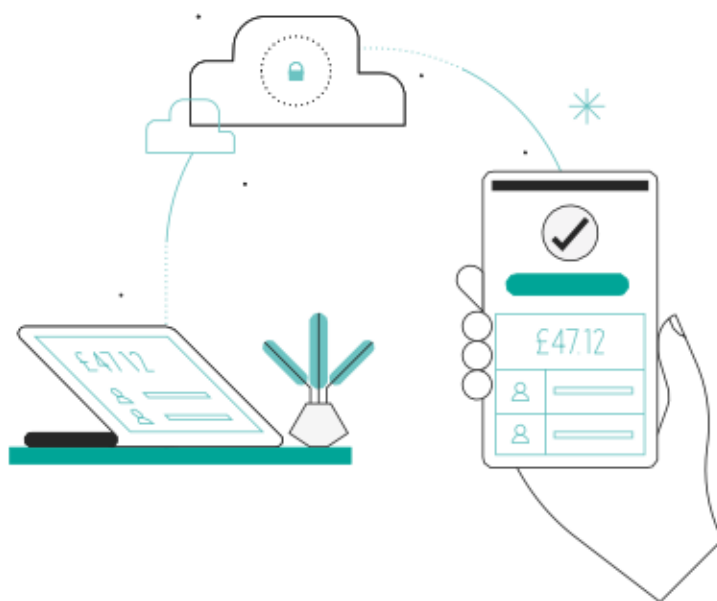

With no need to enter amounts manually, you can avoid costly miskeying mistakes.

✓ Reporting that adds up

Transaction data is synced automatically so end-of-day reconciliations add up.

✓ Simple set up

Works for businesses of all sizes with set up taking as little as one working day.
