

# Extending STEM Learning Opportunities to Students Beyond the Classroom

presented at 2019 Tri-State Best Practices Conference

by Professors Emily Vandalovsky, Alan Eliscu, and David Beesley

Bergen Community College, Paramus NJ

March 2<sup>nd</sup>, 2019

**Question: who are we?**

**Answer: the technology powerhouse -- CSEIT**

**The Department of  
Computer Science,  
Engineering and  
Information Technologies**

- **House 15 degree program and 10 certificate program**
- **use 9 dedicated labs**

# CSEIT -- the Department of Computer Science, Engineering and Information Technologies

Electronics

Manufacturing

Aviation

Industrial Design Technology

Information Technology

Educate students in the following areas:

- **Computer science**
- **Aviation technology**
- **Drafting and design**
- **Manufacturing technology**
- **Electronics and engineering technology**
- **Database development and administration**
- **Web Development and management**
- **Network administration**
- **Information technology**
- **Game development**
- **Medical informatics**
- **Information systems**
- **Office technology**

**Question: what makes us one?**

**Answer: dedication to students and passion for sharing knowledge**

**Professor Alan Eliscu,  
Computer Science**

**Question: how do we do it?**

**Answer: by expanding the classroom beyond its physical boundaries**

**Professor David Beesley,  
Civil Engineering**

## Meet Bergen Community College's Fall 2017 STEM Majors

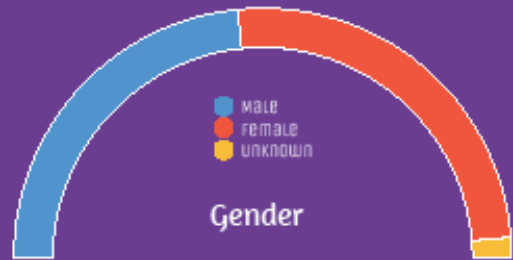

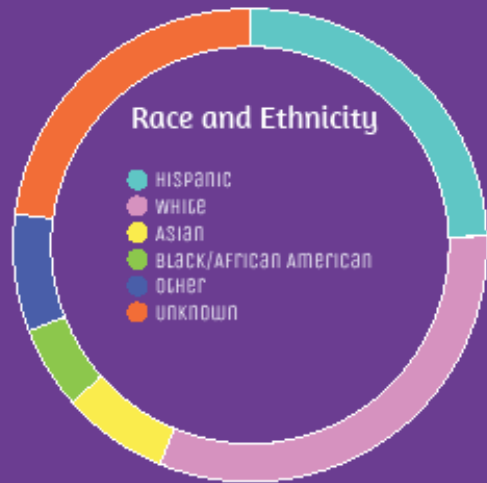

Head Count  
**14,062**

STEM Head Count  
**2,521**

Percentage STEM  
**18%**

Number of STEM Offerings  
**39**

Top STEM Majors

- Computer Science
- General Natural Science and Math
- Engineering Science
- Biology
- Information Technology

**70.5%** of STEM majors had a GPA  $\geq 2.5$

**77.9%** of STEM majors were ages 24 or under

**79.6%** of new STEM majors were full-time

**80.9%** of new STEM majors persisted to Spring 2018

In a 2017 community college rating report, Bergen Community College was rated in the top 30% of all community colleges with respect to "Career Outcomes", among 728 schools.

Despite our nearly balanced population by gender, very few female students choose "Computer Science" or "Information Technology" as their major.

Race and Ethnicity data as well as Gender data is presented institutionally; it is not specific to STEM students. "Other" includes Hawaiian/Pacific Islander, American Indian/Alaska Native, Two or More Races, and Non-Resident Alien.

## How Do Expanded Educational Opportunities Contribute to the Learning Experience?

- ✓ Students are introduced to new concepts not directly incorporated in the syllabus
- ✓ Professors are able to provide one-on-one mentorship to highly motivated students
- ✓ Learning can be more closely correlated to industry-related internships or co-op programs
- ✓ Additional topics can be introduced in the classroom where appropriate
- ✓ “Going the extra mile” contributes to student retention and helping students to find their way

# Bergen Community College

## WHAT HAVE WE DONE TO DATE?

### Teaching Students About the IBM Mainframe

- Incorporate IBM's Master the Mainframe Into Our Curriculum
- Establish an MTM Club for Students to Work Collaboratively
- Sponsor a Mainframe Hackathon Within Our STEM C<sup>2</sup> Conference

### Independent Research Opportunities

- Introduce a Mini-Course for STEM Scholars Program
- Mentor Students in Application Development on the Mainframe

### Industry-Sponsored Events

- Participate in the Providence SHARE Student Day, 2017
- Participate in the ECC Conference, 2016 & 2017
- Student Presentation at ECC Conference, 2017
- Two Trips With Students to IBM Mainframe Headquarters in Poughkeepsie

# Bergen Community College

The largest virtual student mainframe competition in the world is back!

Prizes Include:  
HTC Vives, Hoodies  
Over \$38K in gift cards  
Trip for each regional winner

[masterthemainframe.com](http://masterthemainframe.com)

Every Friday: C304 / 10am – 12pm

Before the meetup:

- Register for the contest at [masterthemainframe.com](http://masterthemainframe.com)
- Install the pre-req software on your laptop

Bergen  
Community  
College  
Paramus  
Bring your  
laptop!

## MTM Club

- ✓ Encourages Comraderie
- ✓ Students Help One Another
- ✓ Some Students Opt to Complete Part 3
- ✓ Professor Offers Help & Explanations
- ✓ Club Stipend Supports Our Other Activities
- ✓ Opportunity for Ad Hoc Tutoring of Class Content

# Bergen Community College

## Student Participation in MTM

- **Spring 2017** - **3 students completed Part 2**
- **Fall 2017** - **14 students completed Part 2**  
**3 students completed Part 3**
- **Spring 2018** - **21 students completed Part 2**  
**3 students completed Part 3**
- **Fall 2017 was the first offering of the newly revamped Computer Organization & Assembly Language course**
- **Two hybrid sections and one face-to-face section**
- **Total of 120 students enrolled**

**Some students from prior semester opted to do the 2017 MTM**

# Bergen Community College

## SHARE Summer 2017 – Student Career Day Providence, Rhode Island

- Over 60 contestants from various 2 & 4-year schools competed
- Five students accompanied me for an overnight trip
- All five students finished among the top 10 contestants
- Jonny Lazarte won the entire competition
- Students participated in special sessions
- Students were able to meet with industry professionals

Me

## Student Career Day

On Tuesday, August 8, 60+ students from 16 colleges and universities from around the country participated in [Student Career Day](#) and competed in the Master the Mainframe Hackathon. With fun challenges to experience the power of z Systems in Application Development, competitors earned points towards prizes and had the opportunity to connect with IBM and Rocket Software experts. Congratulations to the Hackathon winners: **Jonny Lazarte from Bergen Community College**, Akeem Brooks from North Carolina A&T and Dan Synder from New Brunswick College.

# 2017 Enterprise Computing Conference

**SC3104/3105 Sadik Erisen, Tamar Tokman, Arnav Lohe, Tristan Draper, Ross Kernez, Bergen Community College**  
**Grace AI & Search Engine**

# Visits to IBM Mainframe Headquarters

- Fall 2017 – 9 students**
- Spring 2018 – 42 students (72 sign-ups)**
- Fall 2018 – next scheduled trip**

Jeff Bisti: Cognitive AI Solutions Architect for IBM

# Bergen Community College

## STEM C<sup>2</sup> Research Summit - April 13th, 2018

Kudos to our IBM Support Team, Both On-Site and via Remote Assist

**Luis De Abreu**  
BCC STEMatics Grant Program Director  
STEM C<sup>2</sup> Research Summit Conference Coordinator

**Frank de Gilio**  
IBM Corporation  
Distinguished Engineer, Cloud Architect  
Keynote Speaker

# Master the Mainframe Hackathon

when?

where?

Friday,  
April 13th  
1 - 3 PM

TEC-107  
Paramus campus  
at the STEM C<sup>2</sup>  
Research Summit

Master the Mainframe is the world's largest student mainframe competition and it has returned for its 13th year in a row with new prizes and new challenges for students around the world.  
**NOW IN BERGEN COMMUNITY COLLEGE!**

You must register prior to the event:  
[tinyurl.com/2018BCCHackathon](http://tinyurl.com/2018BCCHackathon)

**WIN A \$200 GIFT CARD**  
while gaining unique skills that can land you  
a career in Fortune 500 companies  
around the world!

**NO EXPERIENCE  
NEEDED**

Based Blockchain Application

Hackathon Incorporated in STEM  
C^2 Research Summit (35 Students)

Second Roundtable Meeting With IBM,  
Major Local Corporations, BCC  
Administrators And Staff

# Bergen Community College

## HOW DO WE BROADEN OUR EXPOSURE?

### Extracurricular Activities

• Field visits to IBM Mainframe Headquarters in Poughkeepsie  
• Participate in industry-sponsored activities (Z Council, ECC, SHARE)  
• Day mainframe hackathon for students in the northeast (October 12<sup>th</sup>)  
• Encourage students to continue independent development using mainframe  
• Promote our annual STEM C2 conference

### Grow Our Relationships

- Seek corporate partners to offer internships, scholarships or apprenticeships
- Seek four-year college partners to offer scholarships to study mainframe
- Consider offering courses through our Continuing Education department

## What are the Takeaways?

- Opportunities for enriched learning experiences exist in **every discipline**
- Professors need to **be creative** in developing approaches to attract student interest
- When some students become excited about opportunities, **it becomes contagious**
- Students are **more apt to be successful** if they enjoy learning
- Broadened learning can lead to **mentoring, guidance** toward a major, **retention**

**You Can Make a Difference!**
