OUR PROCESS

OUR PROVEN APPROACH TO EXCELLENCE

Initial Consultation

We begin every project with a thorough consultation to understand your specific needs, preferences, and budget constraints. Our knowledgeable team will work closely with you to develop a customized solution that meets your requirements.

Detailed Assessment

Using state-of-the-art technology and industry-leading techniques, we conduct a comprehensive assessment of your roof's condition to identify any existing issues or potential risks.

Customized Solutions

Based on our assessment, we develop a detailed proposal outlining the scope of work, materials, timeline, and cost estimates. We believe in transparency and will keep you informed every step of the way.

Professional Execution

Our team of skilled craftsmen will execute the project with precision and attention to detail, ensuring that the work is completed on time and to your satisfaction. We use only the highest quality materials and adhere to strict safety standards to deliver results that stand the test of time.

TESTIMONIALS

HEAR FROM OUR SATISFIED CLIENTS

But don't just take our word for it. Here's what some of our satisfied clients have to say about their experience with Roof Express

Hunter S.

I had an excellent experience with attic express roofing company! Habibi was incredibly communicative and friendly. During the bidding process he was the only one that got on the roof and did a thorough inspection. He noticed small details that none of the other roofing companies cared to look for. I ended up getting the entire roof replaced and the job was completed seamlessly, with no issues, and the pricing was fair. Highly recommend their services!

Ralph M.

Roof Express replaced a flat asphalt roof for me in San Francisco. The work was done quickly and the project was very well managed. I received a detailed written estimate the day after the roof was inspected. It was impressive how soon the roof was completed especially during the rainy season (January). Roof Express took care of the city permit. I appreciated the frequent updates and responsiveness. Highly recommend them for roofing work.

Terence F.

Habibi was always very responsive and professional. The leak in my roof wasn't addressed the first time his team came to fix the roof but that's the way leaks sometimes are -- tough to easily identify the source. Habibi came back to re-assess and they focused on another part of the roof which fixed the issue before the next wave of storms came in. I wouldn't hesitate to use Habibi and his team again (he did a quick look at the rest of the roof and said it was in good shape).
