Things to Do and See in Bay View

Go Fishing!

Almost completely surrounded by the waters of Sandusky Bay, Bay View has always been a fishing mecca. We are in the middle of a fertile breeding ground for nearly all the species of fish in Lake Erie. Perch, crappie, bass, and walleye breed in the Sandusky River, which flows via the Sandusky Bay to Lake Erie right past Bay View through a narrow channel. But what we are best known for is our huge channel cat. Catching 15 pound plus catfish is routine and fish over 25 pounds is not uncommon. Fishing along the bank is easy and within access of everyone. You can even fish right across the street from the Bell. Ask at the Center about our fisherman's parking lot.

The Bay View Center Bait and Tackle Shop right next to you is ready to set you up for a fun day of fishing. We carry high quality gear and sell all the bait you need. We even have rental rods. Stop in and browse about. We carry local artisan goods and food, as well.

Did you know that Bay View is considered one of the top 5 catfishing holes in the United States - #1 for channel cat?!

Find the Village Wild Turkeys and Geese

Canadian geese are easy to spot in Bay View. Turkeys are a bit harder. If you drive to the back of the village, behind the Village Park, and patiently circle the streets back there, there is a good likelihood you will see the wild turkeys that have inhabited the village for decades. They liked the neighborhood and decided to move in. Since they are protected on village land, they have found a safe haven from the local hunters. While often a nuisance, they are a regal part of our village now and a definite attraction. Be nice and keep your distance - at least 20 feet. While not known to attack, who wants to find out what those talons are for.

Did you know that Bay View had an extensive carp fishery that at one time supplied almost all the fish used for gefilte fish to the delis of New York City. It was shipped by railroad carloads.

Take a Stroll

The village is very quaint. A walk around the waterfront is a very peaceful way to spend an hour or so in a very tranquil surrounding. The Front Bay is the commercial zone where you are now, on E, Bayview Dr. Down the street is a popular Roadhouse Bar and Grill called Rayz on the Bay. We highly recommend you stop there for a beer and sit on the deck for the view.

The Back Bay is along W. Bayview Drive. It is a protected water that is a great place to water ski. It is lined with private docks, many of which have been artfully personalized.

Take care and have a gorgeous day. We here at the Bell and Center thank you for your patronage and hope you come back soon!
