

# Because battery down means wheels down

## Introducing the Hawker<sup>®</sup> SBS J-16 battery from EnerSys<sup>®</sup>

Featuring Thin Plate Pure Lead (TPPL) technology, the new Hawker<sup>®</sup> SBS J-16 battery combines unmatched power density with exceptionally long storage life. So even after months of sitting idle, it will start on the first crank. FAA-PMA certified for Piper<sup>®</sup> PA-18/PA-19 models, the Hawker SBS J-16 battery is also built with military-grade plate design for excellent vibration resistance and high G loading.
