

Anal Tease

Silicone Cock Ring & Plug

Instruction

We know you are eager to start playing with your new SecGuo toy, but please take a moment to read through our user manual before your first time.

Getting Started

- Make sure your penis is semi-erect to fully erect.
- Apply a water-based lubricant around the base of the penis and anus. This will prevent the cock ring from sticking to your skin, catch on hair, or pinch any sensitive spot.
- Stretch the cock ring open and put it around the penis shaft, sliding the ring against the body to tighten any loose skin.
- If wearing a cock ring around the shaft and scrotum, stretch the ring out larger and place it around both at the same time.
- Insert the plug into your anus.
- Enjoy

Cleaning, Storage, Safety

- Always clean your cock ring and plug thoroughly before and after each use.
- Wash using warm water and antibacterial soap, rinse, and pat dry with a lint-free cloth or towel.
- Never use cleansers containing alcohol or acetone.
- Avoid leaving in direct sunlight and do not expose to extreme heat.
- Store in a cool, dry, dust-free place, out of reach of children and pets.
- Do NOT use with silicone-based lube.
