

# Sec Duo

Rechargeable Silicone Couples Vibe

Instruction

We know you are eager to start playing with your new SecGuo toy, but please take a moment to read through our user manual before your first time.

## Getting Started

- Press and hold the power button for 3 seconds to turn your Sec Duo on. The LED light will turn on.
- Continue pressing to cycle through 4 speeds and 6 powerful patterns to find your favorite function.
- Use your Sec Duo wherever you like.
- Press and hold the power button for 3 seconds to turn your Sec Duo off. The LED light will turn off.
- Enjoy!

## Pairing the Remote Control

- Press and hold the power button for 3 seconds to turn your remote control on. The LED light will blink once.
- Pairing the remote control will reset your Sec Duo to its first vibration setting
- Continue pressing the power button to cycle through 4 speeds and 6 powerful patterns to find your favorite function.
- Press and hold the power button for 3 seconds to turn your remote control off. The LED light will blink once.
- Turning off the remote control will reset your Sec Duo to standby mode.
- Don't forget to turn off your Sec Duo too!

## Charging

- Charge your Sec Duo before first use.
- Only use original chargers provided by SecGuo.
- Before every charge, make sure the DC socket is free from water or lubricant residue.
- Gently insert the DC pin into the socket on the toy. You should hear and feel a subtle click.
- Insert the USB end into any USB port.
- The LED will pulse to indicate Sec Duo is charging. The LED will stay on when fully charged.

## Cleaning, Storage, Safety

- Always clean your vibrator thoroughly before and after each use.
- Wash using warm water and antibacterial soap, rinse, and pat dry with a lint-free cloth or towel.
- Never use cleansers containing alcohol or acetone.
- Avoid leaving in direct sunlight and do not expose to extreme heat.
- Store in a cool, dry, dust-free place, out of reach of children and pets.
- Do NOT use with silicone-based lube.
