

Member Directory

Some members have asked the Club if we could make available a members directory to help find other members to play with.

Beginning July 1, 2026 we will be posting a opt-in Member Directory that will make public to other members, your contact information. The details we will display will be your name, rating, phone number and email address. By default when you join, your personal details are included in any directory/groups the Club chooses to make public.

If you would prefer to opt-out, please do so by June 30, before we make the directory public to other members. Be aware, you can only choose to display all the details we are including (opt-in) or to completely hide (opt-out) your personal information from public (member) view.

You can make your choice via your Player Profile.

Note: There are two ways to access your Player Profile in CourtReserve: through the CourtReserve mobile app or Member Portal. The Member Portal is the web version of CourtReserve you use through a browser on your computer or tablet. You can view and adjust your player profile information from both the mobile app and/or Member Portal.

Accessing your Player Profile from your Member Portal page when on a computer:

1. Log in to CourtReserve (Choose SPC if you have multiple locations.)
2. Click your name on the top-right of the page.
3. Click **Personal Information**

From here scroll all the way down to the bottom where you will see the option: "Hide my Personal Information from my club/organizations's public member directories."

If slider is grey you will be viewable. If you want to be hidden, then click to move button to the right and turn slider blue.

Accessing your Player Profile from the CourtReserve app on your phone:

Open app to show your Home/Dashboard page, then

- Tap **More** on the bottom right. From list that pops up, choose Personal Information.

OR

- Tap the circle with your initials or photo in the top corner. From there, you can review and update your personal information and manage your notification settings.

From here scroll all the way down to the bottom where you will see the option: “Hide my Personal Information from my club/organizations’s public member directories”

If the slider is grey you will be viewable. If you want to be hidden, then click to move button to the right and turn slider blue.

Viewing the Member Directory (available after July 1):

From Member Portal view via computer you will see **Member Directory** or word “**Members**” and drop down will list directory along with any other groups we may create in future will also be here.

From CourtReserve mobile app, the Member Directory will be available from Home/Dashboard under “Explore More.”
