

RAF Stoney Cross

Memories of Life at Long Beech

Mr. T. Wooding

I am acting on behalf of my brother Mr T Wooding, we have got together and hopefully more heads are better than one.

So far, we have agreed that we went to Long Beach, Stony Cross either 1949 or 1950.

We lived in No. 268 Long Beach Stony Cross; we lived there for approx. 3 to 4 years. We lived in an Ablution Unit. It had 10 toilets and 10 washbasins when we moved in. They had some removed when we moved in. We went to Bramshaw School then to Downton School.

We were a family of Six, Two Adults, 2 boys, 2 girls.

While we were in Long Beach I, Patricia Wooding, contracted Meningitis (I hope that is how you spell it)

We are trying to remember some of the families we remember e.g., Mr. & Mrs. Switzer, Mr. & Mrs. Hatch, Mr, & Mrs. Cooper, Mr, & Mrs. Turner, Mr. & Mrs. Herbert, Mr. & Mrs. Lamb, these are a few that we can remember at the moment.

We are still trying to get in contact with anyone else we might remember. We hope this will help, we are very interested in all you do so please keep in touch, and we will still keep trying to find out more.

Thank you.

Yours Sincerely

Mrs P V Cook {Mr. Wooding's sister}
