

The Bruno Project

Foster Parent Agreement for Overseas and Canadian Homes

Printed Name: _____ Pet Import Name: _____

Full Address: _____

Email: _____ Telephone Number: _____

This agreement must be completed prior to delivery of your foster and e-mailed to stluciaanimals@hotmail.com.

1. I agree that I am fostering solely and if I wish to adopt the animal that I will pay the appropriate adoption fee and complete an adoption application form and agreement. Wishes to adopt one of my fosters must be done prior to screening other received applications for that specific foster has begun.
2. During the time of my fostering, I will entertain prospective Humoms and Hudads (adoptive pet parents) coming by to meet the pup when it is convenient to both parties. I will ask whatever questions that come to mind and if I feel the prospective Huparents are not appropriate I will convey my concerns via e-mail or facebook messenger to the Bruno Project Admin.
3. I will provide the foster with adequate food and water, treat the foster with love and affection as if she/he were my own. Some donated food can often be provided through other volunteers. I will not leave the foster outside for extended periods, especially in winter. I will allow the foster to sleep indoors in a heated building. I will allow Bruno Project volunteers to do site visits with a minimum of 24 hours' notice unless I invite them by sooner.
4. I will consult with the Bruno Project Treasurer or co-founder through e-mail (below) or Facebook messenger before I bring any of my foster dogs to a veterinarian. Often the dogs have ailments common in St Lucian dogs. It is very important to know what finances are available to treat the dog before a vet visit and how to keep the costs low.
5. I realise that unless I adopt the animal that the animal can be removed from my care without notice. The dog will only be in my care for a maximum of 14 (or so) days at which time a volunteer can deliver her/him to the LCHS or another willing organization or other foster home. With Bruno Project St Lucia approval, I may continue to care for him/her beyond this period.

PLEASE EMAIL THE BRUNO PROJECT IF YOU HAVE ANY DIFFICULTIES, QUESTIONS, ETC AT stluciaanimals@hotmail.com
