Yes, an asbestos survey will be done. Only on building demolition.

No, an asbestos survey will be done. Only on building demolition.

Please read the following instructions carefully:

Culvert pipe size, location, and construction must conform to the requirements of Brazoria County Drainage District #4. No culvert shall be covered with cement over a city easement.

Applicant for Building Permit assumes responsibility for the accuracy of information submitted for approval. Cost of Building Permit is based on total valuation, including electrical, plumbing, heating, air conditioning, fencing, landscaping, water wells, septic system, and other appurtenances. A schedule of fees will be furnished with this Building Permit, upon request.

A separate permit must be acquired for electrical, plumbing, heating, air conditioning, fencing, landscaping, water wells, and septic systems. A Building Permit must be issued before construction can be started.

The following must be submitted in order to obtain a Building Permit:

One complete set of plans and specifications

One plot plan, drawn to scale, indication water well septic system, drain field, culvert pipes, drives, buildings, fences, utility easements, drainage easements, gas lines, oil lines, and pipe lines.

Elevation certificate for flood zone areas

Copy of letter stating that windstorm insurance protection was made available.
