

With Deep Appreciation to Madawaska Volleyball Coaches

Dear Madawaska coaches:

I hope this letter finds you and your family healthy and safe during the crazy times we now live in. I am writing to you on behalf of Madawaska Coaches Care. You may recall that we provide sponsorship support for 3 children in Zimbabwe – Anxious, Denzel, and Tinodaishe. With this letter, I have included their pictures and a little about their life stories and future hopes. I encourage you to take the time to read about these children. There is also a short letter from each child that expresses their sincere appreciation for the Christmas gift they received from you. You might notice in one of the pictures of each child that he/she is holding the US dollars that was the Christmas blessing from you, the Madawaska coaches.

Thank you to so many of you who donated to support them this past summer through the GoFundMe page set up by Audrey Bos. These funds will allow us to provide another year of sponsorship that will provide for their education, nutrition and medical care.

What a special thing that our Madawaska family is doing! Your support for these children is making an incredible difference in their lives. I have seen first-hand on my many trips to Zimbabwe, how these children's lives and the lives of their families have been impacted. Please do not underestimate the value of the investment you have made in their lives.

Thank you to all of you for your support over the years. I truly hope that I will be able to thank you in person this summer at Madawaska.
