

Dear Madawaska Coaches Care

Hello friends, how are you guys doing? I am doing great thank you. I am writing this letter to thank you for suggesting me.

Thank you friends for what you are doing for me it has really changed my life completely. You guys are really helping me out. Ever since you guys came into my life, it felt like my life took a huge turn, into the life that God has planned for me. Thank you for the gifts I received. I received a grey and gold winter jersey, a card with some thoughtful words written in and \$25 dollars USD.

My father is really grateful for what you guys are doing for me. We will be praying for you guys. I don't know how to return the favour back but all I can say is thank you friends for everything.

Thank you friends. May the dear Lord God protect and bless you.

Yours Faithfully  
Mark Christo
