

Check List for Boat Launching

08/18/2026

Must Have:

- 3" Lot Numbers
 - o Clearly Visible
 - o Both sides
 - o Near the stern
 - o Contrasting Colors

Shall Not Have:

- Weeds hanging from boat or trailer
- Water dripping from boat or trailer
- Water coming out of drain plug when pulled
- Water visible in the lights on the trailer
- Water in the live wells (if any)
- Water in the boat
- Weeds in the boat
- Any evidence of zebra mussels or any other organisms growing on any part of the boat or trailer
- Boating/trailering activity on the Fox and Wolf River and Lake system (Poygen, Butte des Morts, Winnebago, Buffalo, Puckaway), nor on Green Lake within one week of launch.
 - o If the Boat/trail was on above: The boat, trailer, and engine cooling system must be sanitized to avoid introducing their known invasive weeds and organisms.
