## January, 2023 Newsletter

Happy New Year to everyone. Hope everyone survived the holidays and the December cold spell. Thinking positive, it will only be a few months before we are working in our yards and cruising the lake.

Our board continues to manage our fish population. It is evident we have more fishing enthusiasts on our lake, which is a great. To insure everyone has a good fishing experience, it is important to practice catch and release. Over a year ago we introduced some larger walleyes. We need input from those fishing to gauge the success of the program. Please keep the board apprised of your catches.

Great news, we found someone to trap muskrats. Please email sightings or nests along the shoreline directly to Brandon Enck at [fullmetalamerican@gmail.com](mailto:fullmetalamerican@gmail.com).

This year may be a pivotal year for the future of our lake's water quality. The lake has developed a bottom muck problem and a suspended algae problem. The board has heard several different opinions on the state of our lake and what can and cannot be done. There are various options at various costs being investigated. We are working to have a defined course of action in 2023.

It is the time of the year to recruit members to fill the two open Board positions. The Board meets once a month, April thru October. Individuals with experience with building codes/architecture, shoreline preservation, or aquatic biology will be an asset to the board. If you are interested in becoming a board member, send a short resume outlining your professional background and personal interests to Silver Springs Lake Property Owners Association, Inc, PO Box 144, Neshkoro, WI 54960 or email to [ssl@silverspringsneshkoro.com](mailto:ssl@silverspringsneshkoro.com). Resumes must be received by March 15, 2023.

Please support our advertisers in our lake newsletters. These companies have been recommended by property owners on the lake and are proven in their respective services.

Sincerely,  
Tom Joseph

### ACTIVITIES DURING 2023
