

CHESS + PLUS

NEW WAY TO PLAY CHESS

What is this game?

Chess Plus is a chess add-on that can be used with any chess game. This game changes the movement options for your pieces, but does not change the rules of chess. Chess Plus contains drawable ability cards that modify movements of your chess pieces. There are different ability types that correspond to each type of chess piece on the board. The way you win is just like in normal chess, bring the king into checkmate.

Components

- 34 ability cards
- Rule Book
