The sky is your palette as you place clouds to form images

1. The Cloud Former draws a card and picks a word
2. The Cloud Former forms the image using the cloud shapes

3. The Cloud Watchers try to guess the cloud formation word

4. A Cloud Watcher earns points for a correct guess and the Cloud Former earns points for every Cloud Watcher correct guess

This game has a quick setup, is easy to learn and offers multi-generational fun. Every player takes turns as the Cloud Former and several rounds are played to get to the final score.
