

## **EVIE CISTARO FOUNDER**

In 1973 Evie Cistaro, along with her husband Joe and their daughter Gina, moved to Lake Havasu City from Boston. Evie is a Pioneer, she has been involved in the community and has sat on various Boards, most recently she was on the Committee for the 50th Anniversary of the Dedication of the London Bridge.

Evie started volunteering in 1985 for the ACS because she realized she needed to help her community so they could benefit from the money raised. In June of 1999, she was instrumental in forming the Cancer Association of Havasu. She had an amazing committee of volunteers and together they set their goals, she is so proud of this organization and all they have accomplished,

**WE HAVE SAVED LIVES!!!!**

Cancer has no prejudices, it loves everyone, every family will be affected by cancer, and Evie's family was no exception. She lost a sister and brother to cancer, and when her husband was diagnosed, she knew what it was like to hear those 3 Words YOU HAVE CANCER! Reality set in and she knew she had to help other survivors.

The Havasu Community Health Foundation is proud of Evie's accomplishment as the founder of our Cancer Association of Havasu, a program of caring volunteers dedicated to the prevention and early detection of cancer.

Evie remains active in all the fundraisers that support our ongoing services. As Evie always says "we live in the most generous community, and we are so thankful for the Support and Donations we receive."

Evie continues her hard work as an active member and has received many awards for her dedication and passion for the Cancer Association and Lake Havasu City.

The greatest reward is when someone comes up to you and says Thank you!!!
