

QUEERING SOUND ABOUT / ARCHIVE

QUEERING SOUND is a volunteer-driven multifaceted arts festival of LGBTQIA+ artists/allies held annually in Washington DC and features visual art, spoken word, video/new media, and a wide variety of musical styles.

Since 1999, QUEERING SOUND has presented over 100 artists at nine local venues and online; showcasing artists – from the DMV region, across the nation + internationally – who push against and create their work outside the socially-mainstreamed boundaries of sound and vision.

Past events have featured visual artworks, digital contributions + live performances from:
