PUNE PIONEERS FOOTBALL CLUB

KHARADI'S LEADING FOOTBALL ACADEMY

FOR BOYS & GIRLS | AGES 4 TO 16

Playing Philosophy

A controlled-possession game approach that emphasizes on quality passing, that is combined with intelligent and timely support and movement, leading to penetration up the field to provide goal-scoring opportunities.

The style of play is based around possession, passing and ball control, which requires the team to be able to play through the thirds. This can either be on the counter attack or through a patient build up. Efficient defending is also a priority with all players working to regain possession of the ball aggressively and quickly.

Coaching Philosophy

Our coaching philosophy is to facilitate player development. We value winning but distance ourselves from a win-at-all-costs mentality because we believe that with high quality coaching, the winning takes care of itself.

A vital requirement is for coaches to keep the environment "player centric". This is a model implemented to ensure the progress of each individual at the club. Every player is at the heart of everything we do and it is essential to create a positive environment to accelerate learning and development.

Parents Philosophy

As a club, we believe that the relationship between coaches and parents can always become stronger. Parents are asked to remember that we must all work together.

It is commonly proven that children are usually influenced by their parents' own attitude and behaviour. A collective effort will result in the best possible progress for each child.

The club also encourages parents are involved with the club and stay to spectate training and games.

ALUMNI SUCCESS STORIES

We are immensely proud of these player, played for our club and then moved on to a higher level in football

Pune Pioneers has been an incredible part of my football journey. Over the three years I've played here, I've seen a dramatic improvement in my skills, fitness, and understanding of the game. The coaches are highly supportive and professional, and the facilities are top-notch. It's a great environment to grow as a player and as a team member. Highly recommend it to anyone serious about football.

This is one of the best Football Academy in Pune. My son has been training with them since he was 4years old. The coaches are extremely passionate about the sport & work very hard to ensure they bring out the best in the child. If you are looking for an academy that helps your child excel in football then do try Pune Pioneers!!!

This club is very good for your future progression. I myself have experience from last 2-3 years and this club provides you a lot of chances. If you make good progress, it gives you a chance to represent in 3-4 different districts. And I have a good experience with the coaches as well.

Pune Pioneers football club is a very professional place to train. They provide high standard coaching and train at amazing facilities. It is more than just a club, it is more like a family. When i played for them, I used to always look forward to go and train with them. Without them and their amazing coaches I would not be the player that I am today.

I couldn't recommend Pune Pioneers FC and the rest of the team more. The care and commitment they bring to the children as well as the fun, skill sharing, and motivation is evident in both the faces and the performance of the kids - as well as the enthusiasm with which the go to play in the evening and bring home afterwards. I am delighted that children have access to the Pune Pioneers
